ABOUT

Brothers, Jordan and Seth Dugger ("The Boys from East Tennessee") recently celebrated the release of their new single "East Tennessee Son." The title track offers a sneak peak to the **DUGGER BAND** sophomore recording project by the same name (February 2018). With a contemporary and spirited country/rock/pop flavor, the duo caters to audiences of all ages, spotlighting the music that captivated them throughout their youth. The young performers, who are equally talented in song craftsmanship and are proficient on multiple instruments, play nearly 150 dates per year.

"We are so proud of Seth and Jordan. They are an inspiration to our students to follow their dreams and believe in themselves. Their willingness to come 'home' to GHS and perform for our students is a testament to their hometown and East Tennessee pride!"

- Lana Page, Assist. Principal - Greenville High School (GHS)

"If you want your students to hear a message, wrap it in music. Our students and faculty always look forward to the Dugger Band school visits. Jordan and Seth deliver a powerful message that students can relate to. A great program!"

- Randy Richards, Principal - Baileyton Elementary School
